CAREER PROFILE

With a background as Senior Graphic Design spanning over 10 years and experience as Front-end & Full Stack Developer, I bring a unique blend of creativity and technical expertise to the table. I have successfully built websites for various industries, incorporating my design skills to create visually appealing and user-friendly interfaces. I thrive in cross-functional teams, and I'm committed to delivering digital solutions for customers. Hold Master's Degree in Bioinformatics from University of Skövde and Bachelor's Degree in Computer Science.
